Fair Cake's delicately flavoured cakes are all individually hand made to ensure quality, freshness and delight. Our luxuriant range of cupcakes and cakes are all made using the finest Fairtrade ingredients. We only ever use Free Range Eggs in all our products. We also proudly support British farmers by sourcing the best dairy products from English farms. Our unique style and charm is enhanced by the natural flavours and ingredients of each cake – we never use additives or preservatives. In fact, you wouldn't be wrong in thinking that Fair Cakes are in the very best of taste.
